

The Hydrologic Cycle

Hydrologic Cycle aka “The Water Cycle”

If you were gone, or want to review, watch the PowerPoint posted here:

www.formontana.net/unit8.html

What keeps the water cycle going?

Some fancy words that you need to know . . .

1. Infiltration: _____

2. Runoff: _____

3. Evapotranspiration: _____

4. Spring: _____

5. Groundwater discharge: _____

6. Discharge (creek, stream, river): _____

Measured in “cfs”: _____
